VI. ORAL REPORTS:

- 1 Prop 47 Grant Award Cohort III announcement (CCP will continue to serve as advisory group): Chief Fernando Giraldo

Chief Giraldo announced that County of Santa Cruz, with the effort lead by Probation, District Attorney's Office, Public Defender's Office, and other partners, was awarded nearly \$6 million over the next three years by the Board of State Community Corrections (BSCC). Seventy-two percent of funding will go to community-based agencies to reduce recidivism by expanding opportunities in the criminal justice system, including expanded substance use disorder and mental health treatment options, an expansion of Neighborhood Courts and earlier interventions for those accused of low-level offenses. The grant will also help fund three advocate positions at the Public Defender's Office for Early Representation and will help fund one coordinator position to support the District Attorney's Neighborhood Court Project.

2. Report on CAFES Cohort II Program (Proposition 47): Probation Division Director, Yolanda James-Sevilla

Division Director Yolanda James-Sevilla shared that Probation is in the final year of the Cohort II Grant. Services began in April 2020 with a slow start due to COVID and CZU Complex fires; however, to date 572 participants have been screened and authorized for services. CAFES has provided 430 individuals with services such as assessment, enrollment, and other types of treatment.

The first monolingual Spanish Neighborhood Court was with two bilingual volunteers. Peer Navigators expanding services in the community and spending time in South County Probation Success Center (PSC). District Planners will soon join South County PSC providing assessments, coordination, and linkage to services.

Probation had a Comprehensive Monitoring Visit (CMV) on July 19th, 2022, to ensure requirements are being followed and progress is being made toward grant objectives, as well as to see if any technical support is needed for fiscal, program, or administrative requirements. The Field Representative met with Probation staff and community providers and toured both South County and North County PSCs. The field Representative was impressed by the grant team and their work and referenced Santa Cruz Probation as a model to other agencies with respect to the use of the CMV tool.

3. South County Success Center: Asst. Probation Division Director, Jose Flores

Asst Division Director Jose Flores shared that Probation is currently in Phase 2 of soft openings before Grand Opening of the South County PSC. The initial goal is to replicate seventy-five percent of services from North County PSC over to South County. Probation has replicated twenty-five percent of services and can be at fifty percent in the next week or so. South County PSC will be tailored to South County.

Probation had a welcome tour of South County PSC for service providers and Probation staff on July 21st, 2022. Grand Opening to be around mid-September.

South County PSC is currently open 9a-12p but looking to expand service hours in the next two weeks, as well as provide services during off-hours.

The County of Santa Cruz does not discriminate on the basis of disability, as no person shall, by reason of a disability, be denied the benefits of its services, programs, or activities. 4. AB109 Treatment and Intervention Services Funding RFP and Timeline: Chief Fernando Giraldo

Chief Giraldo shared that the cycle of four-year funding that started on July 1st, 2018, will end in June 2023. Probation will release a Request for Proposal (RFP) for a new four-year cycle of funding to support treatment and intervention services.

Probation will release a new RFP on January 16th, 2023, for services. The RFP will look similar because the service model has proven to be effective. Start of services would be July 1st, 2023, for another four-year cycle of funding.

5. Report Out from Public Defender's Office: Public Defender, Heather Rogers

Public Defender Rogers introduced new Chief Deputy Public Defender, Jonathan Cruz.

The Public Defender's Office is embracing a holistic defense model, working in a new case management system to collect data and report outcomes, working toward the mission of providing whole-person client focused defense in the courtroom and community.

The first two new attorneys under this new holistic model began work today and will benefit from a robust training program that centers around the Public Defender's mission, vision, and values to be a model public defense agency.

As part of the Cohort III Grant, the Public Defender's Office will be able to expand on their holistic advocacy. They currently have three partners for Justice-Client Advocates embedded in their defense teams to help provide holistic defense. Justice-Client Advocates are young people who come to the Public Defender's Office on a two-year term, similar to a Peace Core model, already trained in holistic defense and ready to provide wraparound services. The Cohort III grant will allow the Public Defender's office to hire three additional Client-Justice Advocates to provide Early Representation services.

The Public Defender's Office will be moving towards Early Representation in the next few months, additional information to come. They have an Early Representation pilot in the County Jail with the idea being to get advocates and defense teams to the jail and clients as soon after arrest as possible. The goal is to link clients to needed services, provide structure and support, and have a plan in place by their first court date to reduce incarceration and improve outcomes.

VII. ADJOURNMENT: Meeting was adjourned at 10:28AM
