- A. Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, national origin, ancestry, physical or mental disability, medical condition (cancer related), marital status, sexual orientation, age (over 18), veteran status, gender, pregnancy, or any other non-merit factor unrelated to job duties. Such action shall include, but not be limited to recruitment; advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training (including apprenticeship), employment, upgrading, demotion, or transfer. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notice setting forth the provisions of this non-discrimination clause.
- B. If this Agreement provides compensation in excess of \$50,000 to Contractor and if Contractor employees fifteen (15) or more employees, the following requirements shall apply:
 - (1) Contractor shall in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, national origin, ancestry, physical or mental disability, medical condition (cancer related), marital status, sexual orientation, age (over 18), veteran status, gender, pregnancy, or any other non-merit factor unrelated to job duties. Such action shall include, but not be limited to, the following: recruitment; advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training (including apprenticeship), employment, upgrading, demotion, or transfer. In addition, the Contractor shall make a good faith effort to consider Minority/Women/Disabled Owned Business Enterprises in Contractor's solicitation of goods and services, Definitions for Minority/Women/Disabled Business Enterprises are available from the County General Services Purchasing Division.
 - (2) In the event of the Contractor's non-compliance with the non-discrimination clauses of this Agreement or with any of the said rules, regulations, or orders said Contractor may be declared ineligible for further agreements with the County.
 - (3) The Contractor shall cause the foregoing provisions of this Subparagraph B to be inserted in all subcontracts for any work covered under this Agreement by a subcontractor compensated more than \$50,000 and employing more than fifteen (15) employees, provided that the foregoing provisions shall not apply to contracts or subcontracts for standard commercial supplies or raw materials.

4.21 Independent Contractor Status

Contractor and County have reviewed and considered the principal test and secondary factors below and agree that Contractor is an independent contractor and not an employee of County. Contractor is responsible for all insurance (workers compensation, unemployment, etc.) and all payroll related taxes. Contractor is not entitled to any employee benefits. County agrees that Contractor shall have the right to control the manner and means of accomplishing the result contracted for herein.

Principal Test: Contractor rather than County has the right to control the manner and means of accomplishing the results that were contracted.

Secondary Factors: (a) The extent of control which, by agreement, County may exercise over the details of the work is slight rather than substantial; (b) Contractor is engaged in a distinct occupation or business; (c) In the locality, the work to be done by Contractor is usually done by a specialist without supervision, rather than under the direction of an employer; (d) The skill required in the particular occupation is substantial rather than slight; (e) The Contractor rather than the County supplies the instrumentalities, tools and work place; (f) The length of time for which Contractor is engaged is of limited duration rather than indefinite; (g) The method of payment of Contractor is by the job rather than by the time; (h) The work is part of a special or permissive activity, program, or project, rather than part of the regular business of County; (i) Contractor and County believe they are creating an independent contractor relationship rather than an employer-employee relationship; and (j) The County conducts public business.

It is recognized that it is not necessary that all secondary factors support creation of an independent contractor relationship, but rather that overall there are significant secondary factors that indicate that Contractor is an independent contractor.

4.22 Acknowledgement

Contractor shall acknowledge in all reports and literature that the Santa Cruz County Board of Supervisors has provided funding to the Contractor.

4.23 Retention and Audit of Records

Contractor shall retain records pertinent to this Agreement for a period of not less than five (5) years after final payment under this Agreement or until a final audit report is accepted by County, whichever occurs first. Contractor hereby agrees to be subject to the examination and audit by the Santa Cruz County Auditor-Controller, the Auditor General of the State of California, or the designee of either for a period of five (5) years after final payment under this Agreement.

4.24 Presentation of Claims

Presentation and processing of any or all claims arising out of or related to any Agreement shall be made in accordance with the provisions contained in Chapter 1.05 of the Santa Cruz County Code, which by this reference is incorporated herein.

4.25 Travel Reimbursement

If applicable, all travel, hotel accommodations and meal expenses for services required under any resulting contract from this Invitation for Bid, shall be charged at current per diem rates as follows: 1) Mileage rates are limited to the maximum allowable IRS rate for California; 2) Lodging rates are limited to the Federal maximum per diem rates plus the applicable transient occupancy taxes; 3) Meal reimbursement rates are limited to Federal per diem rates. Any exceptions must be pre-approved by the County Auditor/Controller.

4.26 Data Security and Privacy-Protected Information

Contractor acknowledges that its performance of services or activities under this Agreement may involve access to confidential information including, but not limited to, personally-identifiable information, protected health information, or individual financial information (collectively, "Protected Information") that is subject to state or federal laws restricting the use and disclosure of such information. Contractor agrees to comply with all applicable federal and state laws restricting the access, use and disclosure of Protected Information.

1. Contractor agrees to hold the County's Protected Information, and any information derived from such information, in strictest confidence. Contractor shall not access, use or disclose Protected Information except as permitted or required by the Agreement or as otherwise authorized in writing by the County, or applicable laws.
2. Contractor agrees to protect the privacy and security of Protected Information according to all applicable laws and regulations, by commercially-acceptable standards, and no less rigorously than it protects its own confidential information, but in no case less than reasonable care. Contractor shall implement, maintain and use appropriate administrative, technical and physical security measures to preserve the confidentiality, integrity and availability of the Protected Information.
3. Within 30 days of the termination, cancellation, expiration or other conclusion of the Agreement, Contractor shall return the Protected Information to the County unless the County requests in writing that such data be destroyed. Contractor shall certify in writing to the County that such return or destruction has been completed.
4. Contractor agrees to include the requirements contained in paragraphs (A) through (D) inclusive, in all subcontractor contracts providing services under this Agreement.

Such indemnification includes any damage to the person(s), or property(ies) of Contractor and third persons.
