

RFP#: JUV2018

Addendum 2

Q&A

- 1) **Please clarify what the RFP is requesting under Section 7.6 References? Are signed letters of references required? Can the references include programs and projects with the Probation Department?**

The RFP requires that proposals submit a Customer Reference list of programs/services or similar projects delivered by the applicant (or the applicant's subcontractor) that demonstrates the applicant's experience delivering programs and services. Applicants may include reference letters in addition to the Reference list, but letters of references are not required. References can be prior programs with the Probation Department and/or other Santa Cruz County Departments, other funded agreements at county, state, or federal level or any other similar projects the applicant would like to include to demonstrate their experience.
