

**Santa Cruz County
Supplemental Questionnaire
Criminalist II (DNA)**

APPLICABLE COURSEWORK

The Criminalist II position has specific coursework requirements described in the announcement. In the space below, list the specific courses you feel meet the minimum DNA analyst and DNA technical lead requirements. Please include ALL information requested even if contained elsewhere in transcripts.

College/University: Name and Location	Graduate or Undergrad Course	Course Title	Date Completed	Course Length	Grade Received	# Semester or quarter units*

*Specify whether the units claimed are semester or quarter units. If college credits are not expressed as semester or quarter units, please provide documentation from the college or university that explains how the institution quantifies course credits (e.g. one hour equals one credit or one unit equals one credit). Appropriate documentation may be in the college course catalogs or on the reverse side of transcripts.

Make sure to upload this document as an attachment to your electronic application. Your application packet will not be considered complete if the Applicable Coursework document is not attached.
