**Public Invited to Attend Community
Workshop:
“Sustainable Santa Cruz County Plan:
Let’s Continue the Conversation”**

www.sustainablesantacruzcounty.org

The Sustainable Santa Cruz County Plan is focused on preserving resources and reducing our contribution to climate change by integrating land use and transportation in the urban area (Live Oak, Soquel, and Aptos) and ultimately throughout the County. The goals of the plan include creating more choices for housing, transportation, employment, and recreation, reducing greenhouse gas emissions, improving safety and reliability of transportation, and promoting transparency in government decisions.

This workshop will be a time to discuss the Sustainable Santa Cruz County Plan with County staff, expert consultants and your neighbors. The workshop will be repeated five times:

- **June 2, 7:00 PM, Main Street Elementary**
3400 N. Main Street, Soquel
- **June 3, 7:00 PM, Live Oak Elementary**
1916 Capitola Road, Santa Cruz
- **June 7, 10:00 AM, Live Oak Grange**
1900 17th Avenue, Santa Cruz
