### CASSERLY BRIDGE REOPENS TO TRAFFIC

The County of Santa Cruz is pleased to announce the completion of the Casserly Road bridge replacement project, which restores normal traffic patterns to an important South County route.

The bridge was damaged during winter storms, requiring emergency repairs. It has been closed to pedestrians, bicyclists and motorists since June 22.

"This is great news for our residents and businesses," Supervisor Greg Caput said. "I'd like to thank the Department of Public Works and our crews for working diligently to deliver this project as quickly as possible and minimize the impact to the public, as well as those who live in the area for their extraordinary patience."
