ARMY CORPS LEVEE WORK

Due to levee repair work by the U.S. Army Corps of Engineers, parts of the Salsipuedes Creek levee system will be unavailable to the public between Nov. 26 and Dec. 14.

The work consists of extensive repaving of sections of the levees, which are undergoing repairs due to damage from the 2017 winter storms. Those sections will be closed to the public as work progresses.

These restrictions are necessary to assure public safety while crews perform necessary work.
