CAPUT TO HOLD FLOOD PROTECTION MEETING

Supervisor Greg Caput is holding a community meeting Thursday, Oct. 26 to discuss flood protection issues in the Pajaro Valley, including recent winter storm repairs and future flood protection efforts.

"Flood protection for the Pajaro Valley is one of my top priorities, and the County is working diligently to protect the existing structure and make improvements to benefit the residents of Pajaro Valley," Caput said.

Last winter's storms underscored the need for added flood protection to protect Pajaro Valley residents and businesses. The County is supporting a renewed effort by the U.S. Army Corps of Engineers to identify a viable Pajaro Valley flood protection project. An analysis of possible scenarios is expected to be released Oct. 31.
