V. MONTHLY STATISTICAL INFORMATION FROM PROBATION/JUVENILE HALL (ATTACHMENTS Accept and File):

1. Grievances & Incidents reports
2. SB823 Questions

Division Director Ryan announced that there was a covid outbreak at the Hall about 2 ½ weeks ago. A total of 3 youth and a handful of staff and providers tested positive. She reported that everyone at the Hall continues to mask until the outbreak passes. Director Ryan continued to report that as of today 8 males and 1 female were in the Hall. She reported that there were no altercations in July but there was one significant self-harm incident that Assistant Chief Thompson reported on last month.

Director Ryan went on to report that there were 3 grievances in July that were all reviewed by Commissioner Rice. All were submitted by the same youth who submitted 7 grievances the prior month.

1 grievance was related to staff directing a youth to wear their mask properly. Another was related to a youth not being allowed to do unit work folding clothes, and the last grievance was submitted because the youth did not like how staff were speaking to them when they were asked by staff to be quiet when transitioning from dinner to their room.

Discussion ensued about how youth are cleared to do work, about how staff work to de-escalate confrontations with youth, if youth are trained in de-escalation, the process to explain rules of the Hall to youth, how long documentation of grievances are stored, and how long security videos are kept. Director Ryan reported that grievance reports are stored for 2 years, that due to technical limitations of the Hall's video system it can't be guaranteed that that videos are saved for a specific period and therefore staff pro-actively save videos when an incident occurs.

Commissioner Brook asked about current staffing levels at the Hall and Director Ryan reported that the Hall is fully staffed. Discussion ensued about the Hall's full staffing pattern and record of strong employee retention.

Commissioner Brook asked about how she will get a response to some follow-up questions that she submitted via email to staff with respect to SB 823 and the work of the SB 823 subcommittee. Commissioner Brook suggested that staff provide a report on SB 823 implementation to the Commission. A discussion ensued about van transport of families to Sonoma and if the van is limited to transporting a single family at a time and how many out-of-county visit days per month that the Sonoma facility allows. Director Ryan said she would follow up.

VI. GUEST AGENCY: Sarah Emmert, Director of Community Impact at United Way: Presentation on the Youth Action Network.

Chair Druly introduced Sarah Emmert and shared that Sarah previously served on the JJDPC as a Commissioner and Chair.

Ms. Emmert presented on the United Way of Santa Cruz County's youth-led programs including the Youth Action Network (YAN) and Jovenes Sanos (JS). She explained that YAN stemmed out of the Youth Violence Prevention Task Force with a focus on youth-driven action and authentic youth engagement. She also described the Jovenes Sanos program, its current youth-led focus on youth mental health and that the program grew from 15 to 30 students last school year. She went on to describe several related activities including the Youth Participatory Research Project, a partnership with UCSC, and an emerging partnership with Capitola Police to address youth behaviors at the Capitola Mall by engaging directly with youth.

Ms. Emmert went on to highlight the work of the Children's Network to operationalize the Children's Bill of Rights, which has now been passed by the County of Santa Cruz, the City of Santa Cruz, and the City of Capitola.

Commissioner Kebebew asked about the possibility of translation of future meetings held in Watsonville.

Commissioner Kumar announced that she is resigning from the Commission effective tomorrow. Chair Druley expressed her gratitude for Commissioner Kumar's contributions to the Commission including her participation on the Juvenile Hall inspection subcommittee.

Commissioner Rodriguez announced that Luna Y Sol is putting on a National Night Out event and needs volunteers. She also invited everyone to participate and said that she would send a flyer about the event to the Commission.

Commissioner Kebebew talked about a meeting he participated in this week focused on developmental assets. They will be holding an event on August 24th that Commissioners are invited to attend. Jasmine Najera said that the effort was launched by the City of Watsonville to help align services in Watsonville.

Chair Druley announced that signed versions of the "Commissioner Agreements" were lost. She distributed new copies and asked commissioners to sign and return them. She also announced that the Commission will hold its retreat on its regular meeting date on October 12th.

Chair Druley talked about zoom meeting she had with Judge Lucero /OYCR regarding SB 823. The call was to bring together all of the juvenile justice commissions in the state to introduce the goals of OYCR and the important role that they think JJsCs have in the implementation of SB823 in their respective counties.

V. MONTHLY STATISTICAL INFORMATION FROM PROBATION/JUVENILE HALL (ATTACHMENTS Accept and File):

1. Grievances & Incidents reports

Assistant Chief Thompson reported that a youth had to be moved to Dominican on a 5150 hold. Asked if there were any questions about the statistical report. Commissioner Kumar asked for more details on the youth and the event. Assistant Chief Thompson reported that the youth was attempting to self-harm.

Commissioner Kumar reported that there were 8 grievances last month. 7 of 8 were from 1 youth. Also a few were related to the same teacher that came up in past grievances. 1 was about a youth having extra items above what were allowed. 1 about the teacher and the youth feeling the teacher takes out their bad mood on the youth. Staff reported that they talked to the teacher about this. 1 was about lost evenings as a consequence for some physical damage to the walls of the cell that a youth was in. Another grievance was related to a youth feeling that

the teacher wasn't teaching classes. 2 youth made a grievance about this. In one of those instances a yoga class was canceled which led to an improvisation by the teacher. Another grievance from the same youth asserted that the teacher only taught class when they were being recorded. Another grievance related to the teacher telling them they had to do work in the class even though they had graduated from school. The last grievance was about a youth not feeling good and requesting to skip PE.

Assistant Chief Thompson reported that the supervisor of the teacher subject to the grievances is now directly involved and coaching the teacher and that SCCOE is bringing in a co-teacher for the summer.

Commissioner Ruiz highlighted that there were no firearm bookings in June. Went on to ask about average booking days between boys and girls. Staff reported that this can happen periodically and is related to placement failures. Also pointed out that there are a small number of girls in custody. The small N means that events related to girls can dramatically impact statistics in the report.

Commissioner Ruiz asked for data on the income of youth. Assistant Chief Thompson reported that they do not track income but made some suggestions for ways commissioners could approximate that information using zip codes as a proxy indicator. Also warned that income level doesn't always correlate to resources available to youth. Commissioner Ruiz indicated an interest in the relationship between income and time on probation. Assistant Chief Thompson suggested that this is possibly something that could be brought up with the Public Defender's office. More discussion ensued between staff and commissioners about potential challenges to collect certain data on status from defense attorney and other data elements that are reliable and valid.

Chair Druley asked if CASA or Commissioners could go in the van when it goes to Sonoma. Assistant Chief Thompson said no. She said that they would look into it again, but due to how insurance is set up and the grant that is funding the van, it will likely not be allowed.

Chair Druley also thanked staff for meeting with her to share how the commission can work more collaboratively with Probation staff, with an emphasis on delinquency prevention.

Assistant Chief Thompson reported on the top 5 needs of youth as identified in the JAIS. These were: peer relationships, social adequacy, physical safety, vocational needs, academic performance.

Commissioner Kebebew asked if Commissioners could see the trend over time. Assistant Chief Thompson said she would work with staff to go back and look and report back.

Motion: Kebebew; Second: Rice

Establish 50% of meetings in Watsonville and change the start time of all meetings to 6:00 p.m. Beginning September 2023.

Motion Passed

Unanimously

Chair Druley explained the questions before the Commission. Commissioner Kebebew voiced support for holding at least half of the Commission's meetings in Watsonville because most of the youth in the Juvenile Justice system are from South County. Commissioner Ruiz voiced strong support. Commissioner Kumar pointed out that we've never seen a family grievance, suggesting that families can't voice concerns and the need to create a space for families to address concerns with the Commission. She also suggested changing the time of the meeting due to traffic concerns. Commissioner Johnson asked if we would expect to have families participate. Discussion ensued. Commissioner Rodriguez suggested that the earliest the meeting should start is 6:00 p.m. Guest Najera suggested that information should be handed out to parents at JH. Questions were raised if it is the Commission's purview to receive complaints/grievances from families. More discussion ensued about the appropriate way to engage with families. Other Commissioners emphasized the importance of managing expectations of how families will be able to engage with the commission.

VII. INFORMATION ITEMS:

1. SB823: Report on the visit to Rancho Cielo

Report in the packet.

2. Juvenile Hall Assessment: Piloting new Anne E. Casey Detention Assessment format and assessment team.

Chair Druley reported that the Commission will be piloting a new Annie E. Casey assessment instrument. She said that we need additional commissioners to serve on the sub-committee. Week of October 2 to 6 is blocked off for the inspection. Report due to BOS in December. Guest Najera volunteered to participate if appointed to the Commission.

More work is needed to determine if the proposed program overlaps with the existing "Student Success" program.

5. Commissioner Meetings with Supervisors.

The importance of meeting with Supervisors was emphasized. Commissioner Rice emphasized that it will be important to meet with supervisors once the new bylaws are approved.

Good morning, I hope you all enjoyed our nice weather this weekend. We are blessed.

The SB 823 sub-committee thought it would be helpful to you and to the commissioners if we posed questions about implementation of 823 prior to our meeting. These questions were formulated prior to the committee losing two of his members. :-)

What counties has probation directly communicated with about contracting for our SYTF youth?

What counties do we currently have contracts with for our SYTF youth?

Of the counties probation directly communicated with and determined would be a good fit, but declined, is probation making ongoing efforts to continue a dialogue with these counties in the event these counties may later be able to contract with Santa Cruz County for our SYTF youth?

If a more desirable county indicates a change in their willingness to accept our SYTF youth, is probation able and willing to enter into a new contract with the more desirable county?

How much do we pay, per youth, per year for our SYTF youth?

We hear the term 'step-down' used with respect to our SYTF youth. Could you explain 'step-down' and how it would be used for our SYTF youth?

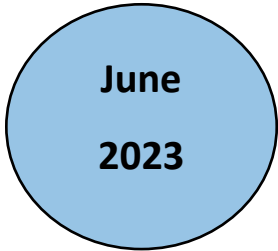

Thank you so much Jose for your ongoing work with and for our SYTF youth.

Beverly Brook
